Subject: **Tau Beta Pi Transportation Plans**

Hello Dr. Fowler,

The time has arrived. Next week is the week for the big event. We have contact KCI and have made arrangements for a couple of tables and four chairs. We are making the banner and already have signs made to meet the people as they get off the planes.

Do you know where the shuttle buses will pick up people in Terminal A? Have arrangements already been made with the KCI police? We will have the tables set up near the curb site where the buses will park.

We have tried to contact UMKC but have not been successful so far, but we will keep trying. **Jeremy Hill has volunteered** to help us greet people at KCI. He will be a big help.

I will keep you informed of our activities.

Tom
